Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our

warehouses, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We dare not take a gallon of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, that whiskey goes direct to you, with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE of PURITY and AGE, and saving the dealers' enormous profits. That's why HAYNER WHISKEY is the best for medicinal purposes. That's why it is preferred for other uses. That's why we have over half a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

Direct from our distillery to YOU Saves dealers' profits. Prevents adulteration.

Try it and if you don't find it all right and as good as you ever drank or can buy from anybody else at any price, then send it back at our expense and your \$4.00 will be returned to you by next mail. Just think that offer over. How could it be fairer? If you are not perfectly satisfied, you are not out a cent. Better let us send you a trial order. We ship in a plain sealed case, no marks to show what's inside.

A Hayner quart is an honest quart of 32 ounces, 4 to the gallon. All other high-grade whiskies are put up in bottles that take 5 to make a gallon. We give one-fourth more in every bottle, really reducing our price just that much.
